Since few years, the Venice Chamber of Commerce publishes "*Venice in figures*", a short and user friendly report describing with simple numbers and statistics the main economic, demographic, social and territorial aspects of the province of Venice.

The booklet is organized into fourteen topics obtained from several statistical and administrative sources e.g. National Statistical Institute and the network of the Italian Chambers of Commerce; in-depth sections and glossaries allow an easy access even to a non-expert public.

The brochure is available on line at www.ve.camcom.gov.it.
